

All About Grades

Academic Accountability

- Your **Best** is what is **Expected**
- Incomplete grades must be remediated
- Take advantage of the Redo/Retake policy
- Use the Reassessment Center
- It is your responsibility to check your grades, not your teacher's

What you need to know about grades

Semester grade = 80% Course work + 20% Final Exam

Students take 5 classes per year, earning 5 credits, to graduate you need 20 credits

Standard Based Grades means that there are certain standards that must be met. Students demonstrate their understanding of these standards through common assessments.

Assessments are based on specific state, district, or school-wide standards.

SBG measure the mastery of individual learning targets related to the content of the course.

SBG reflects the student's level of understanding of key concepts or standards.

If a student is not proficient in a skill or key concept, students must review coursework and do additional learning until they are proficient.

Do it right the first time, do it right every time!!!

Grading system

GPA weighted & unweighted

A	5.0	4.0
B	4.0	3.0
C	3.0	2.0
D	1.0	1.0
E	0.0	0.0

Grades will be put in as a ...

CA: 60%

IA: 30%

FA: 10%

AN INCOMPLETE (I!) MEANS AN ASSIGNMENT/TEST IS MISSING OR
WAS FAILED AND IS REQUIRED TO BE COMPLETED TO PASS THE CLASS

Where can you get Academic help?

- After school tutoring
- Academic lab
- Teachers
- 8:00 AM - 8:40 AM connection time
- FMPs (Monday, Wednesday, Thursday, Friday)
