

# Social Media - Post Smart

**Goal:** *Students should consider what they post on social media and what impacts it can have on them and on others.*

**FMP/Teacher Introductions:** What we post online has real world impacts for us and those around us.

**Activity 1:** Have students vote by a show of hands on the following questions:

- Who uses social media?
- Who knows of someone that was hurt by something that was posted on social media?
- Who has seen something on social media that made them laugh or smile?
- Is social media bad?
- Is social media good?
- In what ways can social media be used in a positive way?
- Who thinks we're better off without social media?

**Activity 2:** Show the following video:

What are students' reactions?

What are their take aways?

**Activity 3:**

Talk about these topics with students:

- [x] Consequence for bullying and recoding and/or posting violence .
- [x] Reputation of the students and the Morton community.
- [x] Personnal experiences of social media used throughout the school. Good/bad

Questions to ask the students :

Do you think about the effects of the things you post on social media?

What regrets might you have from posting

How has social media affected your day to day lives ?

How does Social Media affects the reputation of the person who posts and the people affected by the post?

-> How it will affect your future life :Colleges, employers, etc.

currently research applicants' Social Media accounts and draw conclusions about people based on posts and profiles on Social Media
